## Agile Java Enterprise Developers (Java, Agile, TDD) - passionate about software development

Berkshire

Contract

**Applicants must be eligible to work in the specified location**

Equal Experts is a niche consultancy that delivers its services in part through our network of associates, all freelance consultants, the best and the brightest in the industry, like-minded experts that want to learn from each other and work together to deliver outstanding solutions to their clients. These developments are run following the Agile methods and technical practices. We were ranked 11th on the Sunday Times Hiscox Tech Track 100 as one of the fastest growing technology companies in the UK.

We are now recruiting new associates for our latest opportunities based in Berkshire.

What we need from you:

- You must be at the top of your game both in terms of technical expertise and IT industry-awareness.

You should possess the following qualities:

- A minimum of 5 years commercial experience in developing Enterprise solutions
- You will have a very strong technical background in Java technologies
- You will have been involved with all aspects of software delivery and life cycle, from inception phase to delivery
- You will have solid experience working on bespoke built enterprise OO applications
- You have successfully applied Agile/XP/Scrum practices and introduced Agile techniques and you may even have won awards thanks to your Agile expertise and outstanding communication skill.
- You will have exceptional listening, written and verbal communication skills including exceptional client facing/consulting skills
- You will have your own opinions about how to build great software and be prepared to defend them

NO AGENCIES PLEASE.

Pos

### Applicants must be eligible to work in the specified location

Are you passionate about software design and implementation? Have your finger firmly on the pulse when it comes to web applications development? Do you want to work for a fun and friendly DIY website provider? If so, read on...

We're looking for a passionate Perl Developer to help deliver our next-generation HTML website-building application. You'll work as part of the development team for enhancing and updating our application to deliver exciting new features and capabilities. This is an exciting time for Moonfruit and an excellent opportunity for the right developer.

#### Roles & Responsibilities:

- \*Write performant, structured, test-driven Object Oriented Perl as part of the application team
- \*Work closely with the designers and Front End-developers to create exciting new product features
- \*Write tools and reusable components to support application development
- \*Work with the platform team and Front End developers to build robust internal and external network APIs

#### Experience & Personal Attributes Required:

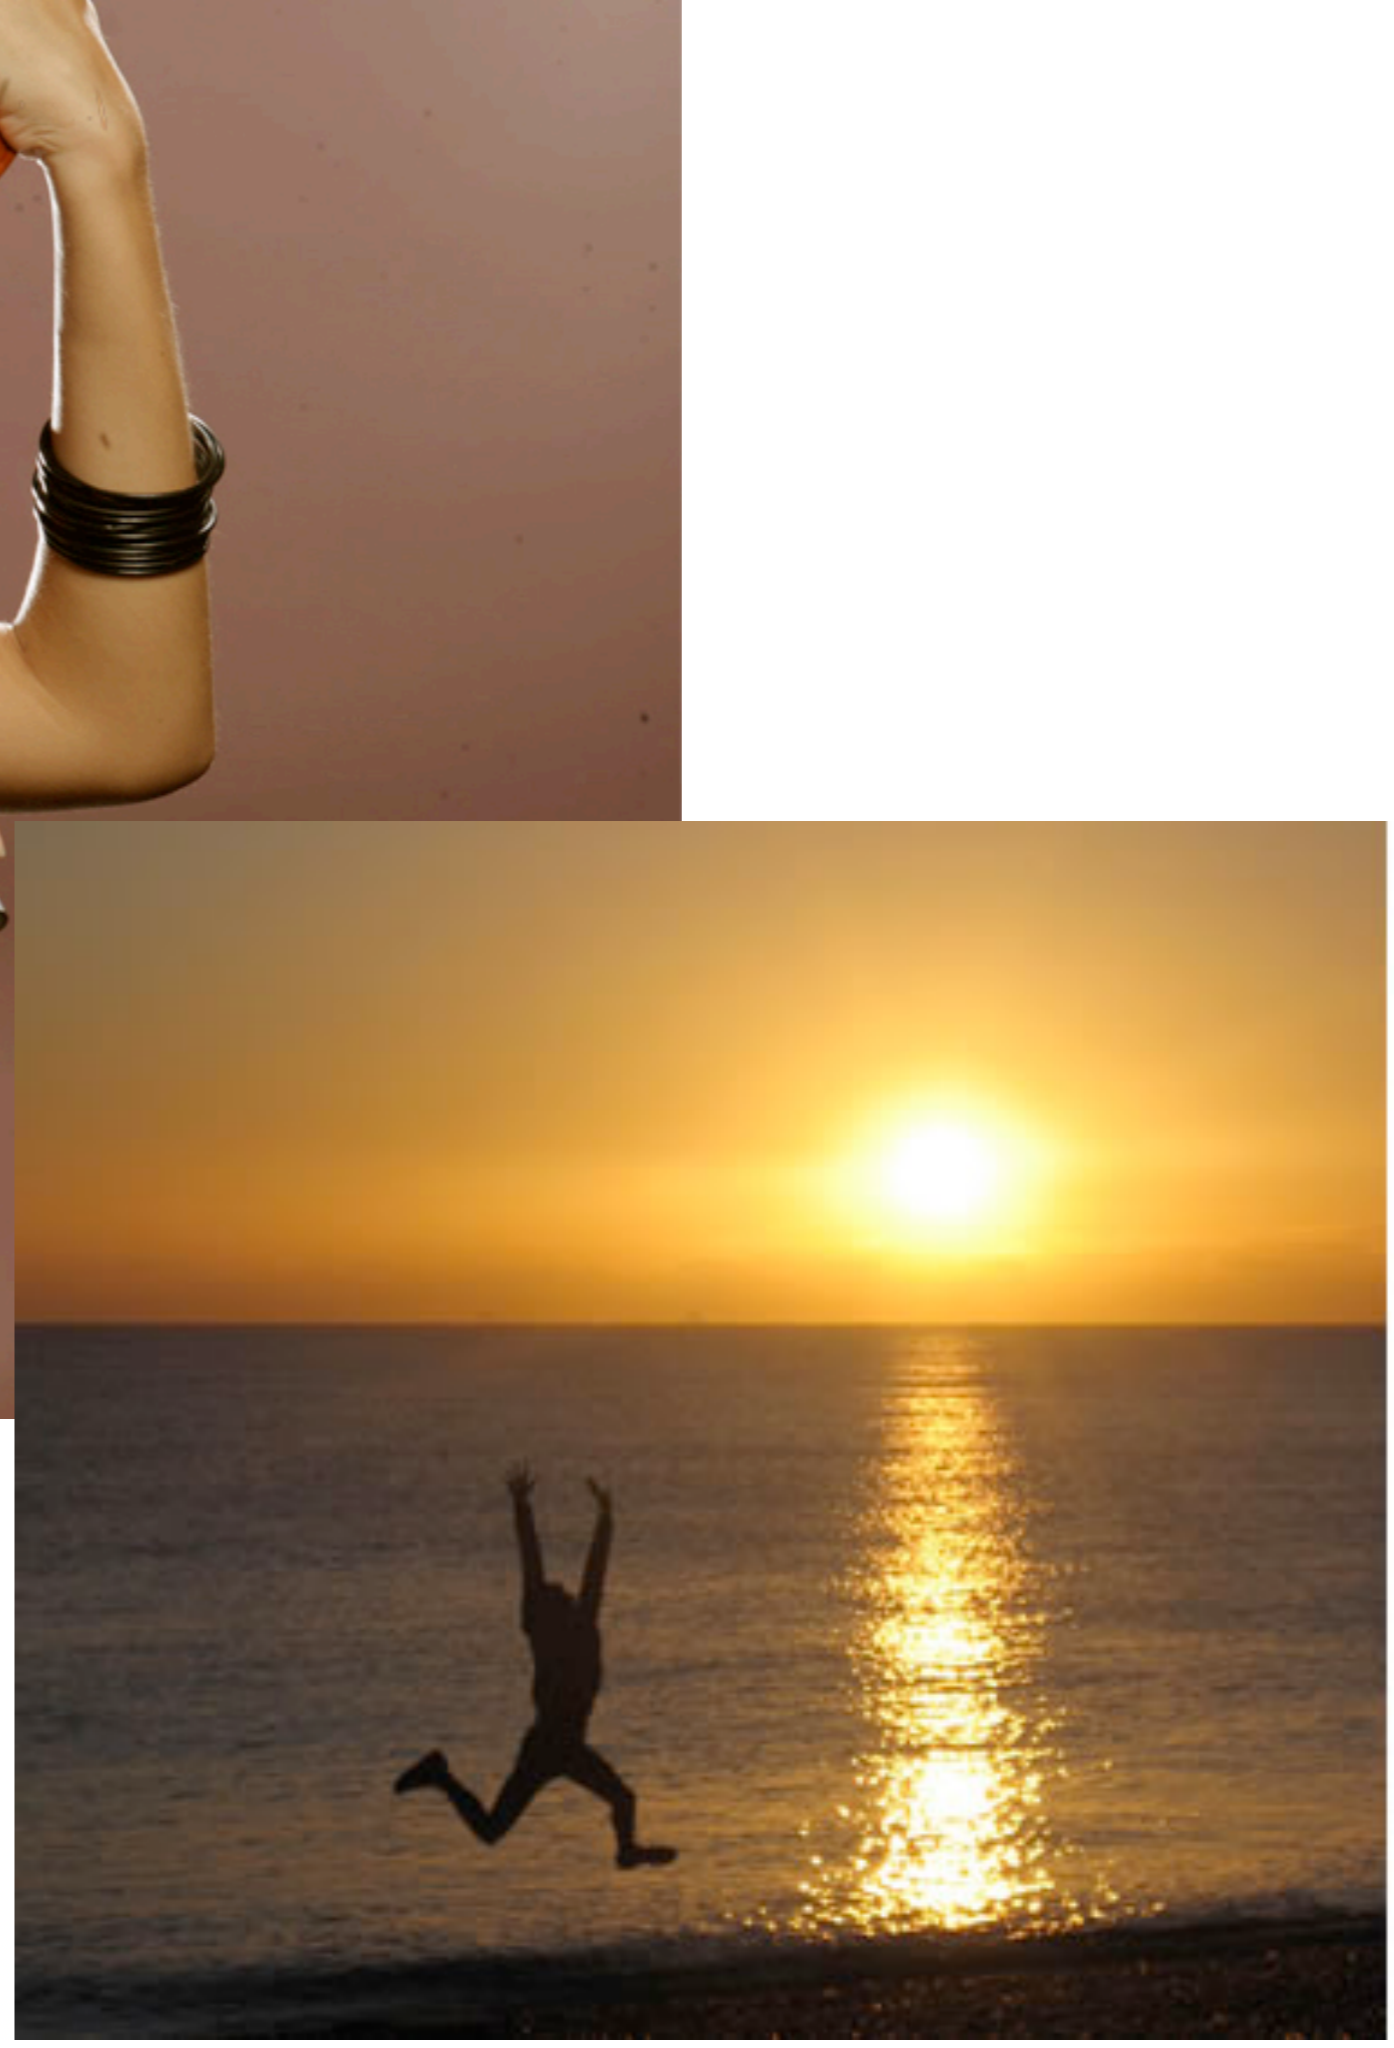

- \*An Object Oriented Perl expert with proven experience of writing well structured, readable code, driven by tests
- \*Substantial experience developing Server Side web applications and fluent with a popular web development framework such as Dancer, Catalyst or Mojolicious
- \*Proficient and efficient with well-known Perl modules such as Moose and DBI
- \*Knowledge of 'web standards', HTML and Javascript
- \*Previous work experience in an agile team/company and comprehend the motivation behind it.

Inflation lies behind the popular use of such words as *genius*, *epic*, *awesome*, *totally*, and *incredible*. What they mean is often more modest than their traditional senses suggest: *genius* means *clever*, *epic* is *impressive*, *incredible* is *surprising*. Such is our need to imbue our words with force and significance, that we use hyperbole to entice people to pay attention – and the hyperbolic terms gradually normalise.

Whan that Apryll with his shoures sote  
The droghte of March hath perced to the rote,  
And bathed every veyne in swith licour  
Of which vertu engendred is the flour;  
Whan Zephirus eek with his swete breeth  
Inspired hath in every holt and heath  
The tendre croppes, and the yonge sonne  
Hath in the Ram his half cours y-ronne,  
And smale fowels maken melodye,  
That slepen al the night with open ye  
(So priketh hem nature in hir corages):  
Thanne longen folk to goon on pilgrimages,  
And palmer's for to seken straunge strondes,  
To ferne halwes, kowthe in sundry londes;  
And specially from every shires ende  
Of Engelond to Caunterbury they wende,  
The hooly blissful martir for to seke,  
That hem that helpen whan that they were seeke...
